ENGLEWOOD WATER DISTRICT SERVICE UPDATE

Board of Supervisors

Taylor Meals, Chair
Sydney B. Crampton, Vice-Chair
Phyllis Wright
Steven Samuels
Rob Stern

Roger K. Quick
Administrator

Englewood Water District is asking for your patience as we work hard 24 hours a day to restore service to our customers. When Florida Power and Light restores electricity to our area, we will then be able to provide full water and sewer service to our customers. While waiting to have electricity reestablished, we are asking **ALL** of our customers to assist us by lowering the demand on our sewer system. EWD will be implementing a two phase plan; PHASE I: reduce the amount of water entering the sewer system. If reduced use is not successful, it will be necessary to implement PHASE II: discontinuing water service to large areas of Englewood.

Please help by using the following suggestions;

1. Flush your toilet only when necessary
2. Don't do laundry unless it is absolutely essential
3. Try to keep dish washing to a minimum
4. Keep use of sink water to a minimum, don't let the water run
5. Take shorter showers

If everyone pulls together and reduces demand, Phase II can be avoided.

Thank you for your cooperation and together, our community will recover.
